

El Enemigo Semillón 2023

100% Semillón

Harvest Report 2023

The 2023 wines will be among the most age worthy. After the October and November 2022 spring frosts which provoked a generalized reduction in yields, the climate was very dry with temperatures slightly on the warmer side. Low yields resulted in a harvest 2 to 4 weeks earlier than usual. The wines are quite elegant, with high natural acidity and low alcohols. Powerful minerality and texture are this year's trademarks.
